### STUDENT TESTIMONIAL

RGU has been one of the most phenomenal experiences of my life. The lectures were well-planned in advance and real-world modules are developed keeping in mind what the industries expect. Industry talks, workshops and seminars were extremely helpful, and they provided me a platform to network with industry experts.

I got placed before I even finished my studies and have been happily working in a job which I loved immediately, as soon as I handed my dissertation in. My degree at RGU was very much helpful in securing my job here at Aberdeen and in fulfilling my goal to work for a global company, with a base in Aberdeen but with offices all over the world.

Rajaram Chinnakkan, Class of 2014, MSc Project Management,
